| SS bedplate for blocks | | 01 61 558 |
| SS bedplate (bowl) | 150-185D | 01 61 559 |
| SS bedplate (bowl) | 220E | 01 61 560 |
| SS bedplate (bowl) | 262E | 01 61 561 |
| SS bedplate (bowl)) | 245D | 01 61 564 |
| SS bedplate for blocks | | 01 61 570 |

Waterproof solution

One of the major problems by mast on keel is the possibility of water leakage that occurs when you cut holes in the deck.

Here it is nice to have a watertight solution.

Our collar in cast aluminium is designed for the individual profiles and related pro-

files, so rain and seawater can be kept out.

And in addition, you'll be able to place a stainless (SS) surface track with holes for blocks for all the halyards, reef and trim lines, you're looking for.
